Introduction

ARRI's SkyPanel Classic looks back on a series of very successful years, however, decreasing sales figures and the generally difficult market situation are leading to prolonged delivery times and difficulties in the procurement of components.

As a result and with immediate effect the following changes will take place:

- Discontinuation of S120-C until end of October 2025
- Discontinuation of S120-C accessories until end of 2025
- Discontinuation of Snoots for Spotlights

Discontinuation S120-C

Regional sets which are not listed are also affected.

Next steps for orders of S120-C

- As long as there is stock of S120-C and S120-C accessories, they can be offered and sold.
- Alternatively, the SkyPanel Pro can be offered.

If none of the above is an acceptable alternative for the customer, sales support staff may offer to initiate the cancellation process for existing orders in accordance with the ARRI policy.

Discontinuation of Snoots for Spotlights

The following accessories outside the SkyPanel portfolio are also affected by the discontinuation:
